2020			

Domestic Violence Clients:

The totals listed to the left are a complete unduplicated count for each county. The numbers were pulled from the DSS monthly report spreadsheet. The numbers reflect the number of new clients who sought DV services but do not include repeat persons within in the same year.

Shelter Clients:

The totals listed to the left are a complete unduplicated count for the shelter. The numbers were pulled from the DSS monthly report spreadsheet. The numbers reflect the number of clients who sought shelter services.

Sexual Assault Clients:

The totals listed to the left are a complete unduplicated count for each county. The numbers were pulled from the DHEC monthly report spreadsheet. The numbers reflect the number of clients who sought SA services but do not include repeat persons within the same year.

Counseling Clients:

The totals listed to the left are a complete unduplicated count. The total reflects the number of DV & SA clients who recieved counseling services in the year.

Volunteers:

The totals listed to the left are a complete count unduplicated count. The 2017 volunteer hours is higher because a portion of 2017 staff on call hours was counted. We no longer count staff on call hours.

Groups:

The totals listed to the left show the total number of direct service groups facilitated. The support groups are done in Aiken and Barnwell. The Wisdom & Wellness Groups are done at the shelter. All other adult or child groups facilitated at the shelter or office is counted in Other Group Activities.

Community Education:

The totals listed to the left show a complete count of community outreach provided by the agency in the form of presentations/attendees, health fairs, media and volunteer training.

Prevention:

The Prevention Groups details the number of new curriculum groups that were started and total sessions for those groups as well as the count of different locations the groups were facilitated at. The One Time Prevention details one time educational groups that are provided outside of the agency or shelter.

Note: n/a means data not available or not distinguishable from other data. 2019 data will report all Program Statistics provided on this form.
